DR VODDER'S MLD BASIC AND THERAPY1 REVIEWS 2019
WITH DEBORAH BERRY
Held at Sheffield Centre for Massage Training, organised by MCPD Sheffield

For questions, please contact Eva on eva@therapyroomsheffield.uk, phone 07749224262

Thank you for your enquiry about these reviews, held for between 4 and 12 people. We will cover Basic and/ or Therapy 1 level practical elements – bringing you back to the original technique by tweaking individual hand positions and reminding you of the sequences perhaps not use that often in your professional practise. Problem cases may be discussed, a little theory covered and, when available, new research information shared. I will also want to feel your hands with some or all of; short-neck, long journey, pumps and scoops. If you want to lie on something personal you need to bring couch roll or towels and definitely items suitable for covering yourself, pens & paper and, if you wear contact lenses or a dental plate or bridge, solution and container. Wear comfortable clothing.

Each day runs from 9am – 5pm with about 1 hour for lunch and short morning & afternoon breaks. Drinks and snacks are provided, and there will be access to kitchen facilities for cold and hot water. For lunch you can bring your own or go to one of the many cafes nearby.

With regard to accommodation, please get in touch for a list of nearby hotels and B&Bs. We also help with finding private accommodation (this is normally with people who let out rooms or run Air B&B and such like, expect to pay around £15 to £20/night). Please let us know as soon as possible if you want help with this as we have a limited list of contacts.

DATES for 2019 **Basic**: August 9th
Therapy 1: August 10th

Note – To retain a Therapy 1 level of qualification it is necessary to successfully complete both the Basic and Therapy 1 days (14 hours) at least biennially.
